Land Use Analysis

The current land use designation, under the Guadalupe Westside Community Plan, is Low Density Residential, which is suitable for the subject property. However, this plan amendment and associated rezoning are being requested for the development and improvement of the subject property as a convenience store and laundromat. The requested “C-1” Light Commercial is permitted under the Neighborhood Commercial land use designation. The requested Neighborhood Commercial land use designation is appropriate as the property is on a corner lot that serves as a buffer for the single residential uses to the west and the railway to the east. Furthermore, the subject property currently has a vacant structure and could be better utilized for commercial purposes.

ALTERNATIVES:

1. Recommend denial of the proposed amendment to the Guadalupe Westside Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.

FISCAL IMPACT:

None.

RECOMMENDATION: Staff recommends Approval. The requested land use change will allow the development of convenience store and laundromat will not have any significant negative impact on the surrounding land.

PLANNING COMMISSION RECOMMENDATION: Approval (8-0).
