Overlay and Special District Information:

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

Transportation

Thoroughfare: Fresno Street

Existing Character: Local

Proposed Changes: None Known

Public Transit: VIA bus routes are within walking distance of the subject property.

Route Served: 2, 202, 651

Traffic Impact: A Traffic Impact Analysis (TIA) cannot be determined at this time.

Parking Information: The minimum parking requirement for an office building is 1 parking space per 375 square foot of Gross Floor Area

ISSUE:

None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property maintaining its current zoning of “R-4” Residential Single-Family District

Current: The “R-4” Residential Single-Family District provides for the establishment of Single-Family dwellings (detached) with a minimum lot size of 4,000 square feet and a minimum lot width of 35 feet, as well as foster family homes and public and private schools.

Proposed: “O-1” Office Districts provide for the establishment of small and medium office uses, banks, worship facilities, public and private schools, employment agencies, library, medical clinic, optician, interior decorator studio. The maximum building size is 10,000 square feet for individual buildings. Outdoor display or sale of merchandise is prohibited.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is not part of a regional center and is not within a premium transit corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Greater Dellview Area Community Plan and is currently designated as “Neighborhood Commercial” in the future land use component of the plan. The requested “O-1” base-zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The request constitutes a rezoning from “R-4” Residential Single-Family District to the requested “O-1” Office District, which would allow for more Neighborhood and Community Commercial uses.

3. Suitability as Presently Zoned:

The current “R-4” Residential Single-Family District is not an appropriate zoning for this Commercial and Office adjacent site. The requested “O-1” Office District would be a more suitable zoning for the law firm who owns this parcel and the neighboring parcel zoned “O-2” Office District.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The intended rezoning from “R-4” is in the spirit of the plan’s goals of Neighborhood and Community Commercial services.

Economic Development

Goal 2: Neighborhood Commercial Revitalization by promoting the growth and development of local businesses and create attractive and viable commercial environments that draw new customers and diverse businesses

Goal 3: Proactively promote best urban planning practices and ensure commercial environments that are clean, safe, attractive, compliant with city codes, and respectful of adjacent neighborhood residential uses

6. Size of Tract:

The subject property is 0.1515 acres, which could reasonably accommodate commercial uses.

7. Other Factors:

The applicant currently owns and operates a law firm next the property and wishes to operate a meeting room or conference room in the existing building on site. The remainder of the site is paved and is currently used for parking by the business employees and patrons.

“O-1” Office District has a maximum building size of 10,000 square feet for individual buildings, while “C-1” Commercial building size is limited to 5,000 square feet. By these standards, the “O-1” zoning district is recommended to adequately utilize their building options onsite.
