The Pre-K 4 SA program utilizes 1/8 cent of a local sales tax levied within the City of San Antonio city limits. The FY 2019 sales tax budget assumes a 3.8% growth rate from FY 2018 estimated sales tax revenue. Sales tax makes up 84.6% of the Pre-K 4 SA total revenue.

The State/Local Match is revenue that Pre-K 4 SA receives from each of the participating school districts. The school districts receive state and local funds per student enrolled, and then send a portion to Pre-K 4 SA to offset the operating costs of educating the students. The USDA (Food) program is revenue from a US Department of Agriculture nutrition reimbursement program that allows Pre-K 4 SA to receive funds for a

portion of each meal provided to the students. Also, Pre-K 4 SA offers sliding scale tuition for families that do not meet state eligibility requirements to attend prekindergarten, or reside in a non-participating school district.

The FY 2019 Board of Director's Adopted Annual Expenditure Budget reflects a 2.0% decrease from the FY 2018 Adopted Annual Budget. Pre-K 4 SA will accept a total of 2,000 students for the 2018-2019 school year. Appropriations are required for the hiring of Education Center staff, food service, and other expenses required for the daily operations of each Education Center.

Pre-K 4 SA is a comprehensive initiative with four components designed to improve the quality of early childhood education throughout San Antonio: 1) four model Education Centers serving 2,000 children annually; 2) family outreach and engagement; 3) free, best-in-class professional development for early childhood educators; and 4) competitive grants providing \$4.2 million annually in support of Pre-K 4 programming in public, private, charter, and parochial schools and child development centers. Pre-K 4 SA operates in partnership with eight independent school districts.

The four Pre-K 4 SA Education Centers, located in the North, South, East and West quadrants of San Antonio, serve 500 students each in a full-day program with free extended hour learning for working families. Every Pre-K 4 SA classroom is staffed with a certified teacher and credentialed assistant teacher who have specialized training. Pre-K 4 SA has a total of 100 Certified Teachers, 101 Assistant Teachers, 56 Full-Time Teacher Assistants, and 25 Part-Time Teacher Assistants. The program has a total of 416 authorized positions. Pre-K 4 SA has budgeted for full-day security coverage at all four education centers with security services that may include the use of SAPD officers for the 2018-19 school year. "The Education Centers meet national standards for high quality early childhood education and serve as demonstration sites to assist other pre-kindergarten programs improve quality. The Education Centers also serve as incubators of innovation to test new ideas that are shared with pre-kindergarten programs across the city.

The Professional Learning department at Pre-K 4 SA provides a comprehensive program that offers coaching services to educators from public, private, charter, and parochial schools and child development centers throughout the year to demonstrate best-practices in early childhood education. Since 2013, Pre-K 4 SA has provided training for over 5,000 educators in San Antonio. In 2017 alone, Pre-K 4 SA trained over 1,900 educators.

Pre-K 4 SA distributes \$4.2 million in grants each year to school districts, charters, private and parochial schools, and child development centers throughout San Antonio. Pre-K 4 SA grant funding helps to increase the quality of programs and the number of full-day seats. Funds allow education partners to go from half-day to full-day service, decrease student-teacher ratio, increase teacher credentials, and implement high quality curriculum.

Through the various components of the program, Pre-K 4 SA reaches approximately 46,000 students annually. This includes 2,000 children at the four Education Centers, over 4,500 through competitive grants, and upwards of 40,000 through professional learning opportunities for educators.

ALTERNATIVES:

City Council could choose to not approve the FY 2019 Pre-K 4 SA Budget and request changes to the budget by Pre-K 4 SA. In this event, the Pre-K 4 SA Board of Directors would need to amend their adopted Budget and forward the budget to the City Council for approval.

FISCAL IMPACT:

This action will not impact the City's General Fund Budget. The FY 2019 Pre-K 4 SA program Budget, as adopted by the Board of Directors on April 3, 2018, is \$47,305,297. This action also will allow for any budget adjustments necessary to reflect FY 2018 re-estimates included within the Pre-K 4 SA FY 2019 Budget.

RECOMMENDATION:

Staff recommends that City Council approve the FY 2019 Annual Budget as recommended and adopted by the Pre-K 4 SA Board of Directors on April 3, 2018.
