None.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (6-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the West Sector Plan and is designated as Suburban Tier land use. The requested "C-2 S" Commercial base zoning district with Specific Use Authorization for a Convenience Store with Carwash and Gasoline is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current "C-2" base zoning district is appropriate for the subject property's location. The adjacent property is zoned "C-2" Commercial District, which acts as a buffer to the surrounding residential zoned districts.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The development of the subject property promotes public policy for economic development for this area in accordance with the West Sector Plan (Suburban Tier) recommendations for service stations.

6. Size of Tract:

The subject property totals 2.313 acres in size, which should reasonably accommodate the uses permitted with special use in Commercial District.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.
