The half house curtains will be used to split the stadium in half in order to do smaller, more intimate events at the Alamodome. ISSUE:

The curtains are made of Velour 60 inherently flame retardant material and are ninety feet high and forty feet wide. The hamper bags are heavy weight canvas with hinged woven tops and reinforced bottoms with swivel casters and are required to store the curtains in a way so that they are not damaged or soiled during storage or transport for installation.

Rose Brand, Inc. provides a three year standard warranty on material and workmanship, including stitching.

The Small Business Economic Development Advocacy (SBEDA) Ordinance requirements were waived due to the lack of small, minority, and/or women businesses available to provide these goods and services.

There were no bids submitted from local bidders for this contract; therefore, the Local Preference Program was not applied.

The Veteran-Owned Business Program does not apply to goods/supplies contracts, so no preference was applied to this contract.
