**ISSUE:**

None.

**ALTERNATIVES:**

Denial of the request will result in the subject property retaining the current residential zoning classification, prohibiting the proposed commercial use.

**FISCAL IMPACT:**

None. The applicant has paid the required zoning fees.

**RECOMMENDATION:**

Staff and Zoning Commission (8-0) recommend approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Near Northwest Community Plan and is currently designated as Neighborhood Commercial in the future land use component of the plan. The requested “NC” base zoning district is consistent with the adopted land use designation. Neighborhood Commercial encourages professional services and small-scale retail uses located where an existing commercial area has been established to serve the immediate surrounding residential neighborhood.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The area includes many light commercial and neighborhood commercial uses. The property is located along a Secondary Arterial Type B. This portion of Hildebrand Avenue was originally developed with residential uses; however, the area has been transitioning to small offices and retail stores.

**3. Suitability as Presently Zoned:**

The “R-4” base zoning district is not consistent with the adopted land use designation. The current zoning is not appropriate for the subject property given the surrounding pattern of zoning and development.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective.

**6. Size of Tract:**

The subject properties total 0.1263 of an acre in size, which should reasonably accommodate the uses permitted in “NC”. The small size of the property will serve to limit the scale and intensity of any future commercial use.

**7. Other Factors:**

None.
