Property Details

Property History: The subject property was originally zoned "J" Commercial District based on the 1938 zoning districts. In 1965, the zoning districts converted and the property converted to "I-1" Light Industry District. In 2012, the zoning changed to "C-2 IDZ" Commercial Infill Development Zone, established by Ordinance 2012-08-02-0590 dated August 12, 2012.

Topography: The property does not include any abnormal physical features such as slope or inclusion in a flood plain.

ISSUE:

None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation.

C-2 districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is located within the Downtown Regional Center.

The subject property is located within a half (½)-mile from the Rockport Subdivision Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (7-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Lone Star Neighborhood Plan and is currently designated as “High Density Mixed Use” in the future land use component of the plan. The requested “IDZ” base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The request is to construct three (3) single-family residences, and there are currently single-family residential uses behind the property. There is an existing structure on the front of the property toward South Presa Street that will be used as commercial, which is suitable for the front of the property along the South Presa Corridor.

3. Suitability as Presently Zoned:

The existing “C-2” base zoning district is appropriate for the surrounding area. The request is changing the zoning to a base zoning district of “IDZ” and will still include uses permitted in “C-2.”

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. The structure that is currently on the property is dilapidated and will be renovated which will most likely decrease the possibility for any likely adverse effects.

5. Public Policy:

The request does not appear to conflict with any public policy objective since it is consistent with the adopted land use plan.

6. Size of Tract:

The subject property is 0.146 acres and is of sufficient size to accommodate the proposed development. There is an existing structure that is toward the front of the property and there is also a sufficient amount of space toward the back that will be the location of the three (3) units.

7. Other Factors:

Infill Development Zone (IDZ) provides flexible standards for developments. IDZ is to encourage and facilitate development on vacant, bypassed lands, or the redevelopment of underutilized buildings or structures, within existing built-up areas. IDZ may be approved as either a base zoning district or an overlay zoning district. Standards required in an IDZ district shall apply to either IDZ base zoning or the IDZ overlay district except where otherwise specifically stated. Typically IDZ gives flexibility to parking requirements, lots sizes, and setbacks.
