SUBJECT:

Plan Amendment 14065

SUMMARY:

An Ordinance amending the future land use plan contained in the **Kelly/South San PUEBLO Community Plan**, a component of the Comprehensive Master Plan of the City, by changing the future land use of a approximately 0.7807 of an acre of land, being Lot 13, Block 2, and NCB 11306 located in the 1400 Block of Thompson Place from **Medium Density Residential** land use to **Community Commercial** land use.

The Department and Planning Commission recommend approval. The proposed amendment to Community Commercial land use will not significantly alter the land use pattern or character of the immediate area as the proposed change is compatible with the existing surrounding area.

BACKGROUND INFORMATION:

Case Manager: Robert C. Acosta, Planner

Applicant: Kaufman & Killen, Inc.

Owner: Jose Luis Gonzalez Living Trust

Property Location: 1400 Block of Thompson Place

Acreage: 0.7807

Current Land Use of site: Vacant Lot

Adjacent Land Uses:

N: designated Public Institutional, Low Density Residential and Neighborhood Commercial; occupied by School, Single-Family Home and Vacant Lot

E: designated Medium Density Residential; occupied by Commercial Building

S: designated Low Density Residential; occupied by Single-Family Homes

W: designated Medium Density Residential; occupied by Single/Multi-Family Homes

ISSUE:

The proposed zoning is not consistent with the future land use plan and requires that the applicant request a plan amendment.

Comprehensive Plan Analysis:

Comprehensive Plan Component: Kelly/South San PUEBLO Community Plan

Plan Adoption Date: February 15, 2007

Update History: June 18, 2009 and February 18, 2010

Plan Goals:

Goal 3: Improve the commercial corridors and the variety of goods, services and employment available in the planning area in order to attract and support a mix of uses including professional offices, residences and a variety of retail shops that will meet the residents' daily needs and bring vitality to the area.

Objective 3.2: Attract and support a variety of businesses in a walkable, mixed-use environment

LAND USE ANALYSIS:

The subject property is located on the south side of Thompson Place between 27th Street and Cupples Road. The applicant requests this plan amendment and associated zoning case in order to develop the property, including the adjacent commercially zoned tract, with commercial uses.

The subject property's location on a collector street, coupled with the mix of multi-family uses to the west, and its close proximity to the community-scale commercial uses along General McMullen to the west and Cupples Road to the east, both major arterials, make it appropriate for the Community Commercial land use classification. The proposed amendment to Community Commercial land use will not significantly alter the land use pattern or character of the immediate area as the proposed change is compatible with the existing surrounding area. The Community Commercial land use classification supports the Kelly/South San PUEBLO Community Plan objectives of promoting economic growth in the area along its corridors and in established commercial areas.

TRANSPORTATION/INFRASTRUCTURE ANALYSIS:

The City's Major Thoroughfare Plan identified Cupples Road as a Secondary Arterial Type B and General McMullen as a Primary Arterial Type A. State Highway 90 is a freeway. 27th Street and Academy Street are local streets and Thompson Place is a collector. The neighboring area includes sidewalks, which allow pedestrian access to and from adjacent commercial and residential areas. There is a VIA bus stop on the side of the subject property along Thompson Place. The existing transportation infrastructure could support any additional traffic generated by the requested land use change.

COMMUNITY FACILITIES ANALYSIS:

John F. Kennedy High School, Brentwood Middle School, and St. John Berchman Church and School are

within walking distance. The existing community facilities could support additional demand generated by the requested land use change.

ALTERNATIVES:

No action will maintain the current future land use classification of Medium Density Residential.

FISCAL IMPACT:

None. A Comprehensive Master Plan Amendment carries no specific financial commitment or immediate action by the City or partnering agencies.

RECOMMENDATION:

DEPARTMENT RECOMMENDATION:

Approval. The subject property's location on a collector street, along with the mix of multi-family uses to the west, and its close proximity to the community scale commercial uses along General McMullen to the west and Cupples Road to the east, both major arterials, make it appropriate for the Community Commercial land use classification. The proposed amendment to Community Commercial land use will not significantly alter the land use pattern or character of the immediate area as the proposed change is compatible with the existing surrounding area. The Community Commercial land use classification supports the Kelly/South San PUEBLO Community Plan objectives of promoting economic growth in the area along its corridors and in established commercial areas.
