**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.**

**1. Consistency:**

The subject property is located within the General Urban Tier of the West/Southwest Sector Plan. The proposed zoning request of "IDZ AHOD" Infill Development Zone Airport Hazard Overlay District with uses permitted in the "R-4" Single-Family Residential and "C-1" Light Commercial District is consistent with the adopted land use component of the plan.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The "IDZ" zoning district is meant to provide flexible standards for the development and reuse of underutilized parcels. Further, the "IDZ" district includes design criteria intended to create infill development that is proportional to surrounding development.

**3. Suitability as Presently Zoned:**

Both the existing "R-4" Residential Single-Family District and requested "IDZ" Infill Development Zone District with uses permitted in "R-4" Single-Family Residential and "C1" Light Commercial District are appropriate for the subject property.

Staff believes the proposed uses will complement the land uses and overall character of the area. The surrounding area is underserved by nearby food stores and the proposed rezone will allow a convenience store to be accessible to the nearby community.

**4. Health, Safety and Welfare:**

Staff has found no evidence of likely negative impacts on public health, safety or welfare related to the zoning request. The "IDZ" district is meant to encourage and facilitate development on vacant, bypassed lands, or the redevelopment of underutilized buildings or structures, within existing built-up areas.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective. The zoning change request is in accordance with the City's Master Plan. Goal 3: Create an environment of entrepreneurship, productivity and innovation in San Antonio that promotes business start-up and business growth.

The subject property and the proposed development meet the criteria of the Inner City Reinvestment Infill Policy (ICRIP). This policy provides development fee waivers to applicants and grant funded reimbursement for city departments, in an effort to encourage redevelopment of under-utilized urban properties.

**6. Size of Tract:**

The 0.1542-acre tract is of sufficient size to accommodate the proposed development with the flexibility offered by the “IDZ” district.

**7. Other Factors:**

None.
