Property Details

Property History: The subject property was annexed by the City of San Antonio in 1972. The original zoning designation was "Temporary R-1". A 1984 zoning case rezoned a portion of the property to "R-3". Upon adoption of the 2001 Unified Development Code, the previous base zoning districts converted to the current "MF-33" Multi-Family District. The other portion of the property was also originally zoned "Temporary R-1." Upon adoption of the 2001 Unified Development Code, the previous base zoning district converted to the current "R-6" Residential Single-Family District.

Topography: The subject property does not include any abnormal physical features such as significant slope or inclusion in a flood plain.

Adjacent Base Zoning and Land Uses

Direction: North, Northwest, Northeast

Current Base Zoning: C-2, C-3 R

Current Land Uses: Vacant

Direction: South, Southwest, Southeast

Current Base Zoning: MF-33, C-2

Current Land Uses: Vacant

Overlay and Special District Information: All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

FISCAL IMPACT:

None.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (7-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The current zoning is consistent with the Medium Density Residential Land Use Category. Medium residential uses include single-family residences as well as some multi-family residential uses. The proposed zoning request of "C-2 CD S" is consistent with the existing land use category and the applicant has applied for a Plan Amendment. Staff has recommended amending the plan to the Mixed Use Land Use Category due to the existing land use patterns in the area. The Mixed Use Land Use Category will provide consistency with the adjacent land uses to the north and will support the goals of the San Antonio International Airport Vicinity Plan. The Mixed Use Land Use Category also allows for development that is compatible with the existing Medium Density Residential classification that already exists in the area. The Plan Amendment was approved by the Planning Commission on March 11, 2015.

2. Adverse Impacts on Neighboring Lands:

Staff has found no likely adverse impacts on neighboring lands in relation to this zoning change request. The proposal to rezone to "C-2 CD S" is consistent with the established development pattern of the surrounding area.

3. Suitability as Presently Zoned:

Although the zoning of "R-6" and "MF-33" are suitable for the property, the majority of the adjacent properties are zoned "C-2".

4. Health, Safety and Welfare:

Staff has found no indication of other likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The 2.409 acre site is of sufficient size to accommodate the proposed development.

7. Other Factors:

None.
