**RECOMMENDATION:**  
**Staff Analysis and Recommendation:** Staff and Zoning Commission (9-0) recommend Approval, pending Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the United Southwest Communities Plan, and is currently designated as “Low Density Residential” and “Parks/Open Space” in the future land use component of the plan. The requested “C-2” Commercial base zoning district is not consistent with the future land use designation. The applicant has requested a plan amendment to change the land use from “Low Density Residential” and “Parks/Open Space” to “Community Commercial”. Staff and Planning Commission recommend Approval.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The subject property is located on a large tract of land that is surrounded by vacant lots and single-family residences to the north and east. The subject property is also at the intersection of two major arterials Ray Ellison Boulevard and Old Pearsall Road. Smaller scale commercial uses would provide services for this area.

**3. Suitability as Presently Zoned:**

The current “R-6” base zoning district is appropriate for the subject property’s location; however, the subject property is along the perimeter of residential uses facing two secondary arterials and would provide a good transition into the residential areas.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with any public policy objective and supports Goal LU-1 land use pattern emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses.

**6. Size of Tract:**

The subject property totals 18.36 acres in size, will reasonably accommodate the uses permitted in “C-2” Commercial District.

**7. Other Factors:**

None.
