A denial of the request will result in the subject property retaining the current zoning. In general, “C-2” Commercial districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses in “C-2” Commercial are as follows: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods is permitted except for outdoor dining.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the West/Southwest Sector Plan, and is currently designated as “General Urban Tier” in the future land use component of the plan. The requested “C-2” Commercial base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested zoning change for commercial development blends in with the surrounding commercially zoned properties of the area.

3. Suitability as Presently Zoned:

The current “C-3” and “I-1” base zoning district are not appropriate for the subject property’s land use. The requested commercial zoning is more appropriate for the area. The surrounding properties to the west, south, and east are all include commercial uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The surrounding

land uses are all commercial properties. The requested zoning change to allow for a commercial zoning which is appropriate to the existing use of the property as a Home Decor Retailer and is consistent and compatible with the surrounding land uses.

5. Public Policy:

The rezoning request does not appear to conflict with land use goals and strategies of the West/Southwest Sector Plan that values existing and future businesses; businesses which in turn support the neighborhoods.

6. Size of Tract:

The subject property totals 11.243 acres in size, which should reasonably accommodate the uses permitted in “C-2” Commercial District.

7. Other Factors:

The applicant requests this zoning change to come into compliance to correct an existing nonconforming use. The proposed zoning change is an appropriate fit that supports the existing use of the property.
