The "MLOD-3" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

### **ALTERNATIVES:**

**Current:** The “I-1” General Industrial district accommodates areas of heavy and concentrated fabrication and manufacturing and industrial uses which are suitable based on the character of adjacent development. Examples of permitted uses: auto & light truck auction, truck stop, abrasives manufacturing, food & drug manufacturing, sand & gravel storage & sales, outdoor flea market, manufactured homes/oversized vehicles sales, service and storage.

### **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

#### **1. Consistency:**

The subject property is located within the Arena District Plan and is designated “Medium Density Residential”. The requested “R-4” is consistent with “Medium Density Residential”.

#### **2. Adverse Impacts on Neighboring Lands:**

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed “R-4” Residential mitigates potential impacts of existing “I-1” Industrial.

#### **3. Suitability as Presently Zoned:**

The current “I-1” General Industrial District is not an appropriate zoning for the property and surrounding area. The requested “R-4” is a more appropriate zoning for the small parcel within a residential area.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Arena District Plan:

2. Land Use Guiding Principles

2.1 Establish a land use pattern that is responsive to the existing context and is founded upon realistic market expectations

2.2 Protect the neighborhoods by providing them with the necessary improvements to enable infill development and redevelopment

4. Land Use Plan Goals 4.1 Conserve existing neighborhoods

**6. Size of Tract:**

The subject property is 0.1101 acres, which could reasonably accommodate a single family home.

**7. Other Factors:**

The subject property is located within the Martindale Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request. The Military has indicated that there are no objections to the request.
