Comprehensive Plan Analysis

Comprehensive Plan Component: Midtown Neighborhoods Neighborhood Plan

Plan Adoption Date: October 12, 2000

Update History: None

The proposed amendment is for St. Ann’s Catholic Church which is an established religious facility in the area. The church conducts an array of community-oriented programs and activities on the subject property, including a community center and school, which would be more appropriately accommodated by the Public Institutional land use classification. The proposed amendment, and its accommodation of the community oriented uses are supported by **Objective 1.3: Recreational and Community Programs: Increase awareness and usage of public recreation facilities and programs** and **Objective 1.4 New Community Center: Acquire property and construct a community center to support multiple community-oriented programs and activities for the residents of the Midtown Neighborhoods planning area.** Although these objectives focus on the provision of publicly funded facilities the proposed amendment is consistent with the plan’s intent to facilitate access to community-oriented facilities.

The subject properties are located on West Ashby, between Fredericksburg Road and St. Ann Street, immediately south of St. Ann’s Catholic Church. The subject property is classified as Mixed Use and Low Density Residential in the Midtown Neighborhoods Neighborhood Plan. A community center is currently in place on the subject properties. The proposed amendment is intended to facilitate the renovation and rehabilitation of the existing community center located on the subject properties. The civic orientation of the proposed amendment is supported by the Midtown Neighborhoods Neighborhood Plan as specified in Objectives 1.3 and 1.4.

Transportation: West Ashby Place and Cincinnati Avenue are local streets. The size and configuration of the

subject properties would allow redevelopment to occur in such a configuration that ingress and egress points would be focused on West Ashby Place. The non-residential development along West Ashby Place, as well as proximity to Fredericksburg Road would minimize potential negative traffic impacts to adjacent residential properties. There is a VIA bus stop at the intersection of West French Place and Fredericksburg Road.

Community Facilities: The subject property is a community center which is owned and operated by St. Ann's Catholic Church. The subject properties are approximately 50 feet south of St. Ann's Catholic Church, 90 feet south of Beacon Hill Elementary School, and approximately 200 feet south of the KIPP Aspire Academy.

ALTERNATIVES:

No action will maintain the current land use designation of Low Density Residential and Mixed Use.

FISCAL IMPACT:

None. A Comprehensive Master Plan Amendment carries no specific financial commitment or immediate action by the City or partnering agencies.
