Proposed Changes: None

Public Transit:

The nearest VIA bus route is #9 within walking distance of the subject property.

ISSUE:

Plan Adoption Date: December 4, 2003

Update History: December 4, 2008

Goal: Protect the neighborhoods by providing them with the necessary improvements to enable infill development and redevelopment.

Comprehensive Land Use Categories

Medium Density Residential: Medium Density Residential includes small lot single-family development, accessory dwellings, duplexes, cottage houses, triplexes, fourplexes, and townhomes. Exhibiting a medium density, this category provides for a diversity of residential development while still maintaining an overall

urban residential character. Typically, Low Density Residential uses are found within this classification, and should be located in the center of the neighborhood, with Medium Density Residential being located at the edges of the neighborhood.

Example Zoning Districts:

R-3, R-4, R-5, R-6, RM-4, RM-5, RM-6

Comprehensive Land Use Categories

Mixed Use: Mixed Use provides for a concentrated blend of residential, retail, service, office, entertainment, leisure, and other related uses at increased densities to create a pedestrian oriented environment where people can enjoy a wide range of fulfilling experiences in one place. Nodal development is preferred around a transit stop, where the density would decrease towards the edge of the node. Mixed Use should be located at the intersection of a collector and arterial street, two arterial streets, or where an existing commercial area has been established. Mixed Use incorporates high quality architecture and urban design features such as attractive streetscapes, parks/plazas, and outdoor cafes. Mixed use evolves from surface parking for cars to a multi-modal transportation system relying on transit, centralized parking, pedestrian linkages, and an option for light rail transit service. Buffer yards provide a landscaped separation between residential and commercial uses, and for all off-street parking areas and vehicle uses areas. Mixed Uses include those in the Commercial and Residential categories and including low, mid and high-rise office buildings and hotels. This classification allows for a mix of uses in the same building or in the same development such as small offices (dentists, insurance professionals, non-profits, etc.), small storefront retail establishment (coffee shops, cafes, shoe repair shops, gift shops, antique stores, specialty retails shops, hair salons, day care, drug stores, etc.) and residential uses (live/work units, small apartment buildings, townhomes, etc.) A Mixed Use Town Center provides a central civic function with mixed uses incorporated into the peripheral development. A special district should be implemented to provide design standards for Mixed Use development.

Example Zoning Districts:

MXD, TOD, NC, C-1, C-2, O-1, O-2, RM-4, RM-5, RM-6, MF-25, MF-33, MF-40, MF-50

LAND USE ANALYSIS:

The applicant requests this plan amendment and associated zoning change for multi-family housing on the subject property. The subject property is the final phase of the Wheatley Courts Redevelopment Master Plan. The proposed amendment to Mixed Use will not significantly alter the land use pattern and character of the immediate area. The Mixed Use land use supports the Arena District/ Eastside Community Plan goal to protect the neighborhoods by providing them with the necessary improvements to enable infill development and redevelopment.

ALTERNATIVES:

1. Recommend denial of the proposed amendment to the Arena District/ Eastside Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.

FISCAL IMPACT:

None

RECOMMENDATION:

Staff recommends Approval. The proposed amendment to Mixed Use land use will not significantly alter the land use pattern or character of the immediate area. The proposed change is compatible with the existing pattern of development.

PLANNING COMMISSION RECOMMENDATION: Approval (9-0)

ZONING COMMISSION SUPPLEMENTAL INFORMATION: Z2017082

Current Zoning: "MF-33 EP-1 AHOD" Multi-Family Facility Parking/Traffic Control Overlay Airport Hazard Overlay District

Proposed Zoning: "IDZ EP-1 AHOD" Infill Development Zone Facility Parking/Traffic Control Overlay Airport Hazard Overlay District for 119 Multi-Family units

Zoning Commission Hearing Date: March 21, 2017
