The property was a part of a large-area rezoning where the property was changed from "B-3" to "B-2" Business District by Ordinance 79329, dated December 16, 1993. The property converted from "B-3" to the current "C-2" Commercial District with the adoption of the 2001 Unified Development Code (UDC), established by Ordinance 93881, on May 3, 2001.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending the Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Arena District/Eastside Community Plan and is currently designated as “Medium Density Residential” in the future land use component of the plan. The requested “C-2” Commercial District is not consistent with the future land use designation. The applicant is requesting a land use amendment from “Medium Density Residential” to “General Commercial” to accommodate the proposed rezoning. Staff and Planning Commission recommend Approval of the amendment.

2. Adverse Impacts on Neighboring Lands:

Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed rezoning to “C-2 CD” Commercial District with a Conditional Use for Food, Mobile Vending (Base Operations) is requested in order to come into compliance with a code violation.

3. Suitability as Presently Zoned:

The current “C-2” base zoning is appropriate zoning for the property and surrounding area. The majority of the properties along South New Braunfels Avenue carry similar base zoning. The addition of the Conditional Use will allow for the base operation of food trucks.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does appear to conflict with the goals, principles, and objectives of the Arena District/Eastside Community Plan. The plan emphasizes mixed uses along New Braunfels and an adaptive land use policy that is based on realistic market expectations. The proposed rezoning is requested in order to come into compliance with Code Enforcement. New Braunfels Avenue is a commercial corridor and the current use is in line with the development trend of the area.

Relevant Goals and Principles from the Arena District/Eastside Community Plan:

- Land Use Guiding Principles - 2.1 Establish a land use pattern that is responsive to the existing context and is founded upon realistic market expectations
- Land Use Goal - 4.4 - Develop mixed uses along New Braunfels to supplement existing commercial core at Commerce and New Braunfels
-

6. Size of Tract:

The subject property is 0.3137 of an acre, which currently accommodates the proposed use.

7. Other Factors:

This rezoning case is a result of a code enforcement violation (Case 156969). The property owner is in violation due to the storage of food trucks, trailers, and vehicles which is not permitted under the “C-2” base zoning district.

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.
