The City received an increase in entitlement funding compared to FY 2018. The City took a strategic approach in developing the proposed FY 2019 Action Plan and Budget to identify activities that further Priority 1 (Provide Decent Safe Affordable Housing) of the Five Year Consolidated Plan. The proposed plan includes a total of \$17.3 million in CDBG and HOME funding set aside for affordable housing activities including housing delivery staff.

There is a \$9.3 Million increase in CDBG and HOME allocations toward affordable housing in the FY 2019 proposed budget over the FY2018 budget. An increase in CDBG funding is attributed to shifting the \$4.8 Million HUD 108 loan repayment from CDBG to the City’s property tax supported debt, reallocating \$2.5 Million from Eastpoint infrastructure (2018 was the final year of the City’s commitment), and \$1.1 Million in additional funding from the CDBG entitlement award.

The administrative budget across the four grants, which is not included below, is \$3,011,803 and provides for efficient grant administration while ensuring resources remain available to manage the performance of community development programs.
