Property Details

Property History: The subject property is part of the original 36 square miles of the City of San Antonio and was originally zoned “B” Residence District. The property was then rezoned from “B” Residence District to “R-2” Two Family Residence District by Ordinance 79329 dated December 28, 1993. Under the 2001 Unified Development Code established by Ordinance 93881 dated May, 03, 2001, the property converted from “R-2” Two Family Residence District to “RM-4” Residential Mixed District. The subject property was then rezoned from "RM-4" Residential Mixed District to "AE-2" Arts and Entertainment District by Ordinance 2008-12-04-1128 dated December 4, 2008.

Topography: The property does not include any abnormal physical features such as slope or incursion in a flood plain.

Overlay and Special District Information:

"HL"

A number of surrounding properties carry the “HS” Historic Significant landmark designation, signifying the historic architectural character or cultural significance of the structure or location. Historic Landmark designations do not affect the possible uses of the property, but do regulate the exterior aesthetic of the structure. Building plans and permit applications will be subject to review by the Office of Historic Preservation and the Historic and Design Review Commission (HDRC) prior to any permits being issued.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

ALTERNATIVES:

Current: The present zoning district designation of "AE-2" Arts and Entertainment District is designed to support existing arts and entertainment venues and promote the creation of additional venues and supporting uses. These special zoning districts are appropriate where existing arts and entertainment venues are adjacent to areas with high building and lot vacancy rates where infill development and redevelopment is desired. By creating a distinct area for arts and entertainment venues and supporting uses, this zoning district allows a community to capitalize on nearby venues and draw visitors into the community. The arts and entertainment districts facilitate infill development and redevelopment by creating a consistent pattern of zoning, creating certainty about the form and function of future development and creating an identity that may be utilized to attract investment. The arts and entertainment districts include four (4) unique districts designed to accommodate a range of existing conditions and desired outcomes. All of the arts and entertainment districts require quality building design and materials and a pedestrian-oriented, mixed-use environment.

Proposed: The proposed "AE-2 HL" allows all of the above in addition to adding a Historical Landmark Overlay.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center and is located within a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval. Zoning Commission recommendation

pending the January 19, 2021 hearing.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Downtown Neighborhood Plan. Application of a Historic Overlay is consistent with the goals and objectives of the plan for historic designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “AE-2” Arts and Entertainment District is an appropriate zoning for the property and surrounding area. The base zone remains the same. The rezoning establishes the historic overlay.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Downtown Neighborhood Plan:

- Geographically balance businesses, entertainment, community facilities, arts, culture and residential projects to enhance downtown’s urban character. Create design standards and a model downtown neighborhood.
- Preserve and enhance downtown’s character/spirit and celebrate its history and culture. Balance franchises to maintain originality of River Walk.

6. Size of Tract:

The subject property is 0.1723 acres, which reasonably accommodates a single-family dwelling.

7. Other Factors:

The request for landmark designation was initiated by the City Council. The owner does not support designation.

On September 2, 2020, the Historic and Design Review Commission approved a Finding of Historic Significance for the property at 403 Montana. On October 8, 2020, City Council approved Resolution 2020-10-08-0045R initiating a change in zoning for the property to include a historic landmark overlay. As a step in the zoning process, a recommendation regarding the proposed designation was required from the HDRC. On November 18, 2020, the HDRC recommended designation.
