ALTERNATIVES:

Current:

The current zoning district designation of “O-1” accommodates small and medium office uses, banks, worship facilities, public and private school, employment agency, library, medical clinic, optician, interior decorator studio. Maximum building size is 10,000 square feet for individual buildings. Outdoor display or sale of merchandise is prohibited.

The current zoning district designation of “O-2” provides for the establishment of low to high-rise office buildings. Examples of permitted uses include offices, parks, and schools. Other uses listed as “permitted” in the UDC Nonresidential Use Matrix are only allowed as accessory uses to a primary and principal office use. A minimum 65 foot buffer zoned NC, C-1 or O-1 shall be provided when abutting residential uses or zoning. Outdoor display or sale of merchandise is prohibited.

The current zoning district designation of “C-2” accommodates community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining

Proposed: The proposed zoning district designation of “MF-18” allows Multi-family dwelling, single-family dwelling (detached, attached or townhouse), two-family dwelling, three-family dwelling, four-family dwelling, row-house or zero- lot line dwelling, with a maximum density of 18 units per acre, assisted living home, skilled nursing facility, foster family home, public and private schools.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is within a Regional Center and is not within a premium transit corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the North Sector Plan and is currently designated as “Suburban Tier” in the land use component of the plan. The requested “MF-18” base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use will establish a consistent development pattern that will compliment the surrounding “R-6” Residential Single-Family, while providing a different housing option.

3. Suitability as Presently Zoned:

The existing “O-1” Office, “O-2” High-Rise Office District and “C-2” Commercial base zoning districts are appropriate for the surrounding area. However, the proposed “MF-18” consolidates the zoning and use of the property. Additionally, multi-family is appropriate along a local collector street, such as Emerald Forest from a major highway.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective of the North Sector Plan, which encourages the following:

Goal HOU-1

Continued support for development of diverse housing stock using infill housing development between Loop 1604 and Loop 410.

HOU-1.1 Consider innovative allowances in zoning amendments that promote a variety of housing types in the North Sector and embrace flexible standards, including, but not limited to: zero lot lines, clustering of development, and density bonuses as per the Sector Land Use Plan.

Goal HOU-2

High density housing is developed near post secondary education facilities, principal and arterial transportation routes, and major employment areas.

HOU-2.3 Utilize High Density Residential as a buffer between principal and arterial roadways / non-residential (i.e. office, retail, commercial uses) and lower density residential housing.

6. Size of Tract:

The 18.588 acre site is of sufficient size to accommodate the proposed residential development.

7. Other Factors:

Based on the information provided to SAWS staff, SAWS identifies the subject property as a Category 1 property. SAWS staff recommends approval of the zoning request, provided that the impervious cover shall not exceed 55% on the site. Reference SAWS report dated October 9, 2020.

The applicant is requesting to rezone to “MF-18” for a Multi-Family development. At a density of 18 units per acre, the total number of units that could be developed is 335.
