BACKGROUND INFORMATION:

Recent efforts by the City, County and SS&E to work collaboratively in an effort to pursue a MLS franchise have resulted in a proposal to purchase Toyota Field from SOAR for the purpose of establishing a SS&E affiliated minor league soccer franchise at the facility as a roadmap to future MLS expansion or relocation. The City and County have each agreed to provide \$9 million to purchase Toyota Field for a total purchase price of \$18 million. SS&E has agreed to provide an additional \$3 million to SOAR for associated soccer rights, for a total transaction cost of \$21 million. Ownership of Toyota Field shall be vested in a PFC created by the City and separate lease agreements have been concurrently negotiated to provide SA FC with a 20- year lease of Toyota Field and the STAR Soccer Complex where SA FC will operate its minor league soccer team and youth soccer programs while pursuing a MLS franchise.

ISSUE:

Resolution 2015-11-12-0059R of the City Council, passed and approved on November 11, 2015, authorized City staff to negotiate for the purchase of Toyota Field and its subsequent lease under the following parameters:

- The City and County each providing \$9 million towards the \$18 million purchase of Toyota Field;
- SS&E providing an additional \$3 million to SOAR;
- SS&E agreeing to enter into a 20 year lease for Toyota Field where it will operate a minor league soccer team with the intent to pursue a MLS franchise;
- The City contributing \$500,000 to the deferred maintenance of Toyota Field;
- SS&E using best efforts to establish an MLS franchise in San Antonio throughout the lease term;
- SS&E agreeing to repay up to \$5 million should it be unsuccessful in establishing an MLS franchise in San Antonio prior to year 6 of the lease term; and

- City and County maintaining ownership of Toyota Field.

City staff is now presenting a transaction which reflects the above stated parameters and authorizes the PFC Board of Directors to execute PFC related documents reflecting the above stated parameters.

ALTERNATIVES:

City Council could direct City staff to redefine the parameters of the transaction or decline to further negotiate with SOAR and SS&E.

FISCAL IMPACT:

This ordinance authorizes the City Council to appropriate \$9,000,000.00 from the Redemption and Capital Reserve Fund to Sports and Outdoor Recreation (SOAR) Park on behalf of the PFC to pay the City's share of the \$18,000,000.00 earnest money for the purchase of Toyota Field.

This ordinance also authorizes the appropriation of \$500,000.00 from the Redemption and Capital Reserve Fund to the PFC for deferred maintenance and facility standard upgrades at Toyota Field. These funds will be deposited into the PFC's Initial Facility Fund.

RECOMMENDATION:

Staff recommends approval.
