FISCAL IMPACT:

None.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (6-0, 1 Abstain) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the San Antonio International Airport Vicinity Land Use Plan, and is currently designated as Business Park in the future land use component of the plan. The proposed zoning district is consistent with the San Antonio International Airport Vicinity Plan and the surrounding area zoning districts and land use.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current "R-6" zoning is not appropriate for the subject property. The future land use classification is Business Park which does not allow residential uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety or welfare.

5. Public Policy:

The San Antonio International Airport Vicinity Land Use Plan promotes the expansion of business park and commercial opportunities along the Broadway/Wetmore corridors north of NE Loop 410. In addition, the Plan also encourages compatible commercial uses along corridors that serve the neighborhoods and more intense commercial uses at major intersection nodes.

6. Size of Tract:

The subject property measures 2.459 acres in size, which is sufficient to accommodate the proposed development and required parking.

7. Other Factors:

None.
