## **Transportation**

**Thoroughfare:** Wurzbach Road

**Existing Character:** Secondary Arterial Type A

**Traffic Impact:** A Traffic Impact Analysis (TIA) Report is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

**Parking Information:** Auto and Light Truck Repair requires a minimum of one (1) parking space per 500 square-feet of the Gross Floor Area (GFA) and a maximum of one (1) parking space per 375 square-feet of the GFA, both including service bays, wash tunnels and retail areas, plus two (2) additional spaces for reach inside service bay.

**ISSUE:**

None.

**ALTERNATIVES:**

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation. “C-2” Commercial districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods is permitted except for outdoor dining

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is located within the Medical Center Regional Center.

The subject property is not located within a Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (10-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the North Sector Plan and is currently designated as ‘General Urban Tier’ in the land use component of the plan. The requested “C-2” base zoning district is consistent with the adopted land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the development pattern of the surrounding area. There is currently an auto sales/service center south of the property.

**3. Suitability as Presently Zoned:**

The existing “C-2” base zoning district is appropriate for the surrounding area. The subject property is fronting Wurzbach Road which is an arterial road and also serves as a buffer between the subject property and the residential uses across the street.

**4. Health, Safety and Welfare:**

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. There are currently dilapidated structures on the subject property where a car wash once served. The change in zoning will allow the occupancy of a vacant and blighted structure.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective given that the requested zoning is consistent with the adopted land use designation.

**6. Size of Tract:**

The 0.586 acre site is of sufficient size to accommodate the proposed development. There was previously a car

wash on the property which is now comprised of dilapidated bays.

**7. Other Factors:**

The conditional use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.
