**RECOMMENDATION:**

Staff Analysis & Recommendation: Staff and Planning Commission (8-0) recommend Approval.

**Sector Plan Criteria for review:**

- The recommended land use pattern identified in the Heritage South Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Heritage South Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the Heritage South Sector Plan.

**The amendment will not adversely impact a portion of, or the entire Planning Area by;**

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses.
- Significantly alter recreational amenities such as open space, parks, and trails.

The applicant is requesting the Plan Amendment to “Suburban Tier” in order to construct single-family residential dwellings. The subject property is located in south San Antonio within the Heritage South Sector Plan. The request is consistent with Housing Goal 2.3 which aims to promote the Heritage South area as an area

of choice for prospective home buyers. Currently, there is single-family residential to the west of the subject property. The proposed use is consistent with the development pattern of the surrounding area and will provide new housing in south San Antonio.

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the Heritage South Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
