Overlay and Special District Information:

“AHOD”

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

Transportation

Thoroughfare: O’Connor Road

Existing Character: Secondary Arterial Type A

Proposed Changes: None Known

Public Transit: VIA bus routes are not within walking distance of the subject property. Routes served: NA

Traffic Impact: A Traffic Impact Analysis (TIA) is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

Parking Information:

The minimum parking requirements for a welding shop is 1 space per 1,500 sf GFA.

ISSUE:

None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district

designation of “O-2”. “O-2” allows for uses such as offices, parks, and schools.

FISCAL IMPACT:

None.

Proximity to Regional Center/Premium Transit Corridor

The subject property is not located within a Regional Center or half a mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (11-0) recommend Approval with Conditions.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the North Sector Plan and is currently designated as “Suburban Tier” in the future land use component of the plan. The requested “C-2” base zoning is compatible with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “O-2” High-Rise Office District is not an appropriate zoning for the property and surrounding area. The requested rezoning is more consistent with the surrounding residential uses.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the North Sector Plan.

North Sector Plan Relevant Goals and Objectives:

- Goal LU-1: Compatible land use pattern promoted so that natural resources are preserved and the local economy remains viable.
 - LU-1.1: Locate buffers between high density/intensity land uses that are potentially incompatible

6. Size of Tract:

The subject property is 1.650 acres, which would adequately support a welding shop.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The following Conditions are also recommended:

- 1) A six foot solid screen fence along residential uses.
- 2) No temporary signage, pennant flags, wind-wavers, and/or snipe signage.
- 3) A 15-foot landscape buffer yard shall be required along the west property line.
- 4) Downward lighting shall be pointed away from residential uses.
- 5) A solid screen fence up to eight feet (8') in height
- 6) No vehicular ingress/egress from Las Campanas Street.
