ISSUE:

None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of “R-6”. These districts provide areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. These districts are composed mainly of areas containing single-family dwellings and open area where similar residential development seems likely to occur. Residential single-family provides minimum lot size and density requirements in order to preserve neighborhood character.

FISCAL IMPACT:

None.

Proximity to Regional Center/Premium Transit Corridor

The property is located within the Medical Center Regional Center and half a mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Huebner/Leon Creeks Community Plan and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “C-2” base zoning is compatible with the future land use designation and is consistent with the surrounding properties.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “R-6” Residential Single-Family is an appropriate zoning for the property and surrounding area.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Huebner/Leon Creeks Community Plan.

Huebner/Leon Creeks Community Plan Relevant Goals and Objectives:

- Goal 1; Objective 1.1: Growth Management - Promote new commercial and residential development that is respectful of the primarily residential character of the area.
- Goal 1; Objective 1.3: Low Density - Maintain the low density development pattern.
- Goal 1; Objective 1.4: Neighborhood Conservation and Nodal Development - Seek techniques to maintain existing development patterns.

6. Size of Tract:

The subject property is 0.703 acres, which would adequately support a variety of commercial and professional uses.

7. Other Factors:

None.
