ISSUE:

Building size is limited to 3,000 square feet. Examples of permitted uses: animal and pet services, fitness/health club, antique store, apparel and accessory store, bookstore, bakery, florist, gift shop, professional offices, music store, convenience store, and restaurant.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center or within a ½ a mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-1, 1 abstained) recommend Denial, with the alternate recommendation for "R-6 CD" Residential Single-Family with a Conditional Use for a Professional Office.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Government Hill Neighborhood Plan and is currently designated as "Low Density Residential" in the future land use component of the plan. The requested "NC" base zoning district is not consistent with the future land use designation. The applicant requested a Plan Amendment to "Neighborhood Commercial." Staff recommends Denial. Planning Commission recommendation is pending the November 13 public hearing.

2. Adverse Impacts on Neighboring Lands:

Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current "R-6" Single Family Residential is appropriate for the property. The proposed "NC" introduces commercial encroachment into a predominately single-family residential block. Staff's recommendation is that the applicant maintain the base "R-6" district, then the Office use can be conditioned down with a "CD" Conditional Use, rather than allowing more commercial uses found in "NC" such as gift shops, convenience stores, restaurants, bakeries and the like. The Conditional Use also provides for the standard conditions for nonresidential uses in residential districts.

The following conditions shall apply to the operation of nonresidential uses permitted within any residential district, unless otherwise approved by the City Council:

- A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.
- B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
- C. Business hours operation shall not be permitted before 7:00 a.m. or after 6:00 p.m.

4. Health, Safety and Welfare:

Staff has found indication of likely adverse effects on the public health, safety, or welfare. The proposed “Neighborhood Commercial” is an encroachment of a commercial use into an established single family residential neighborhood. Thus, staff recommends “R-6 CD” with a Conditional Use for a Professional Office.

5. Public Policy:

The proposed rezoning appears to conflict with the following goals, principles, and objectives of the Government Hill Neighborhood Plan:

Plan Goals:

Goal: Conserve, rehabilitate and/or replace (if necessary) housing stock.

Objective: To develop a housing preservation strategy to stabilize and improve the real estate values.

6. Size of Tract:

The subject property is 0.154 acres, which could reasonably accommodate a professional office.

7. Other Factors:

The subject property is located within the Martindale Army Air Field and Fort Sam Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request.

The applicant is seeking to rezone the subject property as a professional office. The applicant’s client recently completed an extensive remodel of the home.
