Comprehensive Land Use Categories

Land Use Category: “Rural Estate Tier”

Description of Land Use Category: Commercial uses to serve these low density rural estate neighborhoods should be located at the intersection of arterials, collectors, and/or rural roads. Although these uses are small scale, they serve a large geographic area and therefore are primarily accessed by car, nearby road should be friendly to bicycles and pedestrians.

Permitted Zoning Districts: RP, RE, R-20, O-1, NC, C-1, RD

Land Use Category: “Suburban Tier”

Description of Land Use Category: Commercial uses in Suburban areas serve both neighborhood and community scale markets. Neighborhood commercial is appropriate at the intersection of residential streets and collectors, and should not encroach into residential areas. Neighborhood uses should be accessible by pedestrians. Community commercial should be located at the intersections of arterials and/or collectors. The intensity of the commercial use should not interfere with the character and density of nearby residential uses and adequate buffers should be maintained. Community commercial uses should be accessible by car and bike, and the commercial areas should be pedestrian friendly.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Planning Commission (7-0) recommend Approval.

The applicant is seeking a Plan Amendment to “Suburban Tier” to rezone to “C-2 CD” Commercial District with a Conditional Use for Motor Vehicle Sales to operate a car lot that will support North Park Lexus, up the road. All of the established uses along Interstate 10 are commercial. The current “Rural Estate Tier” is not appropriate for this property or the surrounding area; the proposed “Suburban Tier” is much more appropriate.

The following Sector Plan Criteria are also applicable:

- The recommended land use pattern identified in the North Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the North Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the North Sector Plan.

The amendment will not adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis Air Force Base.
- Significantly alter recreational amenities such as open space, parks, and trails.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the North Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
