### **Overlay and Special District Information:**

"H"

The surrounding properties are located in the Brooks School of Aerospace Medicine Historic District, which was adopted in 2003. Historic districts do not regulate use of the property, but do enforce building exterior design standards meant to maintain the architectural character or cultural significance of the designated area. Building plans and permit applications will be subject to review by the Office of Historic Preservation and the Historic and Design Review Commission (HDRC) prior to any permits being issued.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

### **Transportation**

**Thoroughfare:** Sidney Brooks

**Existing Character:** Local

**Proposed Changes:** None

**Thoroughfare:** Kennedy Hill

**Existing Character:** Local

**Proposed Changes:** None

**Public Transit:** There are VIA bus routes within walking distance of the subject property.

**Routes:** 6, 20, 36, 242

**Traffic Impact:** A Traffic Impact Analysis (TIA) is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

**Parking Information:** There is no minimum parking requirement for the removal of a historic district overlay.

**ISSUE:** None.

**ALTERNATIVES:**

**Current:** The current “IDZ-2” Medium Intensity Infill Development Zone District provides flexible standards for the development and reuse of underutilized parcels. Urban design standards are required in order maintain a neighborhood commercial scale, to promote pedestrian activity, and to maintain the unique character of the center. Pedestrian circulation is required as are common parking areas.

**Proposed:** The proposed “IDZ-2” Medium Intensity Infill Development Zone District provides flexible standards for the development and reuse of underutilized parcels. Urban design standards are required in order maintain a neighborhood commercial scale, to promote pedestrian activity, and to maintain the unique character of the center. Pedestrian circulation is required as are common parking areas.

**FISCAL IMPACT:** None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The property is within a regional center and a premium transit corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (10-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Brooks Area Regional Center Plan and is currently designated as “Regional Mixed Use.” The requested “IDZ-2” base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested rezoning will not change the base zoning district. The purpose is to remove the historic district designation which was approved by the Historic Design and Review Commission.

**3. Suitability as Presently Zoned:**

The current "IDZ-2" Medium Intensity Infill Development Zone District is an appropriate zoning for the property and surrounding area. The base zoning will remain the same with the requested zoning.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Brooks Area Regional Center Plan:

Goal 1.4: Support a healthy and desirable community, social and dining options which provide opportunity for meaningful interactions, and strengthen the cohesive Brooks Area identity; welcoming, pioneering, innovative, and resilient.

Goal 2.1: Build in impactful and equitable ways to encourage authentic attachment between people and places.

Goal 3.4: Retain and invest in innovation and creativity to dissuade migration of talent, youth, and economic resources to other geographies.

**6. Size of Tract:**

The subject property is 2.565 acres, which could reasonably accommodate the removal of a historic district.

**7. Other Factors:**

The purpose of the rezoning is to remove the historic district designation which was approved by the Historic Design and Review Commission.
