Goal LU-4: City of San Antonio collaborates with Bexar, Comal, Kendall, and Medina counties to support the North Sector Plan goals within the City's ETJ.

LU-4.1 Encourage counties located within the North Sector Planning Area to implement land use regulations to the fullest extent by Texas State law and to make them consistent with the adopted or amended Sector Plans within the City and County.

LU-4.2 Partner with, and provide planning support and guidance to Bexar and surrounding counties to identify land use controls, implementation measures and actions by the City and County to maintain consistency with the Sector Plan and the goals and policies of San Antonio's Comprehensive Master Pan.

Comprehensive Land Use Categories

Land Use Analysis

Sector Plan Criteria for review:

- The recommended land use pattern identified in the North Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the North Sector Plan.

The subject property is undeveloped. The proposed use for the property is commercial and multi-family. The current zoning district as well as the requested zoning are not consistent with this designation, therefore, a Plan Amendment request to Suburban Tier is necessary. Suburban Tier allows for both the current and proposed zoning for the property. Furthermore, the request will not substantially nor permanently injure the property rights on the owner(s) of all real property affected by the proposed change. The amendment upholds the vision for the future of the North Sector Plan as it supports developing a compatible land use fabric that preserves military readiness. As well as contributes high quality jobs to the regional economy and recognizes and respects private property rights and integrates sustainable development patterns.

The amendment will not adversely impact a portion of, or the entire Planning Area by:

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis.

- Significantly alter recreational amenities such as open space, parks, and trails.

There is currently Multi-Family residential adjacent to the subject property. The Plan Amendment will ensure compatibility. The Suburban Tier designation is appropriate for the proposed developments on the subject property. The request to change the land use designation to Suburban Tier will allow the proposed uses.

ALTERNATIVES:

1. Recommend denial of the proposed amendment to the North Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.

FISCAL IMPACT:

None.

RECOMMENDATION:

Staff recommends approval. The proposed amendment to the Suburban Tier use classification is compatible with the existing development pattern.
