The subject property is currently developed with a non-residential structure measuring 7,700 square feet.

**Topography:** The subject property does not include any abnormal physical features such as significant slope or inclusion in a flood plain.

**Traffic Impact:** A Traffic Impact Analysis (TIA) is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

**Parking Information:** Off-street vehicle parking requirements typically are determined by the type of use and building size. The zoning application generally refers to commercial and church-related uses; therefore, staff cannot calculate the parking requirement at this time.

**ISSUE:**

None.

**ALTERNATIVES:**

A denial of the request will result in the subject property retaining the current residential zoning, restricting future land uses to those permissible in the “R-6” zoning district.

**FISCAL IMPACT:**

None. The applicant has paid the required zoning fees.

**RECOMMENDATION:**

Staff and Zoning Commission (7-0) recommend approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the West/Southwest Sector Plan and is currently designated as General Urban Tier in the future land use component of the plan. The requested “C-2” Commercial District is consistent with the adopted land use designation.

The General Urban Tier accommodates a wide range of residential densities and commercial uses.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The existing residential zoning is not appropriate for the subject property. New residential development is not likely on the subject property due to the property’s location on a major thoroughfare.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety or welfare.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective.

**6. Size of Tract:**

The subject property measures 3 acres in size, which is sufficient to accommodate commercial development and required parking.

**7. Other Factors:**

None.
