Property Details

Property History: The property was annexed in 1965 and was originally zoned "JJ" Commercial District. Upon adoption of the 2001 Unified Development Code, the previous base zoning district converted to the current "I-1" General Industrial District. The property was developed in 1978 with a commercial structure measuring 5,905 square feet in size.

Topography: The property does not include any abnormal physical features such as significant slope or inclusion in a flood plain.

Adjacent Base Zoning and Land Uses

Direction: Northwest and Northeast

Current Base Zoning: "I-1" and "I-2"

Current Land Uses: Office/Warehouses, Repair and Contractor Services, Offices, Industrial and Manufacturing Uses

Direction: South and Southwest

Current Base Zoning: "I-1"

Current Land Uses: Office/Warehouses, Repair and Contractor Services, Offices, Industrial and Manufacturing Uses

Overlay and Special District Information: All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

Transportation

Thoroughfare: West Rhapsody Drive

Existing Character: Local Street; 1 lane in each direction

Proposed Changes: None known

Public Transit: VIA bus route 648 operates along West Rhapsody

Traffic Impact: A Traffic Impact Analysis is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

Parking Information: The existing building will be leased for commercial purposes, therefore, parking requirements cannot be determined at this time. The provision for and maintenance of off-street parking facilities shall be the responsibility of the operator and owner of the use, structure and/or land on which is

located the use for which off-street parking facilities are required and must conform to Table 526-3b, Parking in Nonresidential Use Districts, located in the Unified Development Code.

ISSUE:

None.

ALTERNATIVES:

Denial of the zoning request will result in the subject property retaining the General Industrial zoning.

FISCAL IMPACT:

None.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval. The applicant has indicated that he wishes to amend the proposed rezoning to “C-3 R” Commercial Restrictive Alcohol Sales. Staff will recommend approval of “C-3 R” Commercial Restrictive Alcohol Sales provided the applicant amends the application at the hearing.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The adopted San Antonio International Airport Vicinity Land Use Plan identifies the subject property and the majority of surrounding properties as Business Park in the Future Land Use component of the plan. The requested “C-2” district would allow several uses that remain in character with the surrounding development while maintaining consistency with the San Antonio International Airport Vicinity Land Use Plan.

2. Adverse Impacts on Neighboring Lands:

Staff finds no adverse impacts to neighboring lands.

3. Suitability as Presently Zoned:

The current I-1 zoning is suitable for the subject property.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property is 0.41 of an acre, which is of sufficient size to accommodate uses permitted in “C-2”.

7. Other Factors:

This property is located within the San Antonio International Airport Awareness Zone; therefore, the zoning request was reviewed by the City's Aviation Department. No comments have been received.

While the rezoning of this single property could impose buffer requirements on new development of abutting properties, the surrounding properties are fully developed. Existing properties are not required to conform to the buffer regulations unless new construction occurs.
