None. The applicant has paid the required zoning fees.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is currently designated as Low Density Residential in the future land use component of the plan. The proposed zoning classification of "R-5" is consistent with the future land use.

2. Adverse Impacts on Neighboring Lands:

The proposed zoning classification will not pose any adverse impacts on neighboring lands.

3. Suitability as Presently Zoned:

The current base zoning of "O-2 S AHOD" High-Rise Office is not suitable for the current property which is surrounded by single-family residences and directly adjacent to an elementary school. The proposed zoning of "R-5 AHOD" Residential Single-Family is a suitable use of the property.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

File #: 15-2019, Version: 1

The subject property is sufficient size for the uses permitted in the "R-5 AHOD" Residential Single-Family District, along with the typical required parking.

7. Other Factors:

None.
