RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Dignowity Hill Neighborhood Plan and is currently designated as Low-Density Mixed Use in the land use component of the plan. The requested "R-3" Residential Single-Family base zoning district is consistent with the adopted land use plan.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

3. Suitability as Presently Zoned:

The existing "RM-4" Residential-Mixed base zoning district is appropriate for the surrounding area. The "R-3" Residential Single-Family base zoning district supports residential uses that are less dense than those in the "RM-4" Residential-Mixed base zoning district.

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

As the request is consistent with the Dignowity Hill Neighborhood Plan the zone change request does not appear to conflict with any public policy objective.

6. Size of Tract:

The 0.145 (6,316.20 square feet) acre parcel of land is of sufficient size for the proposed development.

7. Other Factors:

None.
