BACKGROUND INFORMATION:

FY 2015 Six Plus Six Financial Report (2nd Quarter Actuals with Annualized Projections) and FY 2015

Mid-Year Budget Adjustment Recommendations

City Council adopted a balanced budget on September 18, 2014 for the City's fiscal year that began October 1, 2014.

In November 2014, the City Council amended the FY 2015 General Fund Budget. This amendment increased the City's contribution to uniform employee healthcare coverage in the amount of \$14,258,562 for FY 2015 by deferring Street Maintenance projects and adjusted the Police and Fire Budgets. This action maintained a balanced General Fund Budget for FY 2015 as required by law, while adhering to the City's adopted financial policies. This adjustment was necessary because the adopted budget included a reduction in uniform healthcare based on the police union's assurance to achieve a tentative agreement of the labor union contract by the end of October 2014. The City began meeting with the police union to negotiate a new collective bargaining contract in January 2014. To date, there is no agreement with the police union. Further, the fire union has refused to begin negotiations.

As part of the City's financial management practices, City Council will be provided an update on the City's FY 2015 Budget. The FY 2015 Six Plus Six Budget and Financial Status Report will focus on the financial performance through the Second Quarter (October through March) of the fiscal year and will provide projections for the remaining six months of the fiscal year (March through September).

Additionally, the FY 2015 Proposed Mid-Year Budget adjustment will be presented to the City Council. This adjustment recommends adjustments based on revenue and expense actual activity seen in the first six months of the fiscal year along with revenue and expense projections for the remainder of the fiscal year. The recommended FY 2015 Mid-Year Budget Adjustment Ordinance will be considered during the May 14, 2015 City Council "A" Session.

FY 2016 to FY 2020 Five-Year Financial Forecast. Also presented to City Council on May 13, 2015 will be the City's Five-Year Financial Forecast covering Fiscal Year 2016 through Fiscal Year 2020. The Financial Forecast provides a current and long-range financial assessment addressing revenues, City services and programs, and financial reserves. The Forecast will focus on the City's General Fund, Development Services Enterprise Fund, Solid Waste Enterprise Fund, and the HOT Related Funds.

The Financial Forecast is a projection of revenues and expenses for the next five fiscal years based on a set of known economic assumptions as of April 2015. The Financial Forecast is not a budget, it is intended to provide the City Council and the community with an early financial outlook for the City as the budget development process begins for FY 2016.
