**Property Details**

**Property History:** The subject property is located within the city limits as recognized in 1938 and was originally zoned "D" Apartment District and was later designated as "R-2" according to city records. In 1983, an area-wide zoning change designated the subject property and the surrounding area as a Historic District. Upon adoption of the 2001 Unified Development Code, the previous base zoning district converted to "RM-4". A 2013 zoning case rezoned the property from "RM-4 H AHOD CD" Residential Mixed Dignowity Hill Historic Airport Hazard Overlay District with a Conditional Use for a Four-Family Dwelling to "R-6 H AHOD" Single-Family Residential Dignowity Hill Historic Airport Hazard Overlay District. The subject property is developed with one residential structure measuring 1,577 square-feet. The structure was built in 1930. The applicant proposes adding an additional structure with two dwelling units.

**Topography:** The subject property does not include any abnormal physical features such as significant slope or inclusion in a flood plain.

The surrounding properties are located in the Dignowity Hill Historic District, which was adopted in December 8, 1983. Historic districts do not regulate use of the property, but do enforce building exterior design standards meant to maintain the architectural character or cultural significance of the designated area. Building plans and permit applications will be subject to review by the Office of Historic Preservation and the Historic and Design Review Commission (HDRC) prior to any permits being issued.
