Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the Northwest Community Plan and is designated as a Medium Density Residential and Neighborhood Commercial. The "C-2 S" Commercial zoning District with a Specific Use Authorization for a Carwash is not consistent with the adopted land use designation. The applicant has applied for a Plan Amendment to change the designation to Community Commercial. Staff and the Planning Commission recommended approval of the Plan Amendment.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on surrounding properties.

3. Suitability as Presently Zoned:

The requested "C-2 S" Commercial District with a Specific Use Authorization for a Carwash is appropriate for the subject property. The request “C-2 S” will not have any effects on the future development. The site location is on a Primary Arterial Type A 120 Thoroughfare and adjacent to a gas station and commercial use. The requested “C-2 S” base zoning district is consistent with the adopted land use designation.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property is 2.57 acres in size, which accommodates the proposed development with adequate space for parking.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but with may, under the right set of circumstances and conditions be acceptable in certain specific locations.
