FISCAL IMPACT:

None.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the North Sector Future Land Use Plan and currently designated as Suburban Tier in the future land use component of the plan. The requested "C-2" Commercial base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zone change request. The proposed use is consistent with the established development pattern of the surrounding area and is not visible from the public street.

3. Suitability as Presently Zoned:

The current "C-3" General Commercial base zoning district is not appropriate for the surrounding area.

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

As the request is consistent with the North Sector Future Land Use Plan staff finds that this zone change request does not appear to be in conflict with any stated public policy.

6. Size of Tract:

The 1.009 acre tract of land is of sufficient size for the proposed development.

7. Other Factors:

SAWS has reviewed the zone change request and has recommended approval. The property in question is currently a portion of a parking lot and is already 100 percent covered. The property, in its entirety, does comply with the

SAWS coverage limitations.
