**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval pending Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the Heritage South Sector Plan and is designated as “Country Tier”. The requested "R-5" base zoning district is not consistent with the adopted land use designation. The applicant has applied for a Plan Amendment to change the designation to “Suburban Tier”. Staff and the Planning Commission recommended approval of the Plan Amendment.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts on surrounding properties.

**3. Suitability as Presently Zoned:**

The proposed "R-5" zoning district would be appropriate for the subject property. The proposed rezoning will provide support for the development of new housing and will not have any negative effects on the future development of adjacent properties, as “FR” allows for single-family development and agricultural uses.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective.

**6. Size of Tract:**

The subject property is 283.27 acres in size, which accommodates the proposed development with adequate space for parking.

**7. Other Factors:**

None.
