Upon adoption of the 2001 Unified Development Code, the base zoning district was reclassified to “C-2” General Commercial District for Lot 7 and “C-3NA” General Nonalcoholic District for lot 8. According to the Office of Historic Preservation, the existing structure appears to have been constructed in or before 1930.

A number of surrounding properties carry the “HS” Historic Significant landmark designation, signifying the

historic architectural character or cultural significance of the structure or location. Historic Landmark designations do not affect the possible uses of the property, but do regulate the exterior aesthetic of the structure. Building plans and permit applications will be subject to review by the Office of Historic Preservation and the Historic and Design Review Commission (HDRC) prior to any permits being issued.

### **ALTERNATIVES:**

A denial of the request will result in the subject property retaining the current "C-2" and "C-3NA" zoning classification, restricting future land uses to those permissible in the "C-2" and "C-3NA" zoning district and the property will not be designated as Historic.

### **FISCAL IMPACT:**

None.

### **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

#### **1. Consistency:**

The subject property is part of the Guadalupe / Westside Community Plan or Sector Plan. The requests for Historic Landmark designations do not change either the existing base zoning district or uses permitted by right; therefore, a finding of consistency is not required.

#### **2. Adverse Impacts on Neighboring Lands:**

Granting of the "HL" Historic Landmark designation will not have an adverse impact on the neighborhood. Historic designation does not affect the range of permitted uses, but does regulate the exterior aesthetic of the

structure and any new construction. The purpose of the requested zoning change is to protect and preserve the structure and make the property eligible for tax incentives for rehabilitation.

**3. Suitability as Presently Zoned:**

The "C-2" and "C-3NA" base zoning district is consistent with the surrounding zoning and uses. There is no change proposed for the base zoning district.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective.

**6. Size of Tract:**

The size of the subject property is not an issue for the consideration of historic landmark designation.

**7. Other Factors:**

On July 15, 2015, the Historic and Design Review Commission issued a Certificate of Appropriateness identifying the property as historically significant based on criteria listed in Section 35-607 of the Unified Development Code. The four criteria identified as being applicable to the subject property are specified in the attached Certificate of Appropriateness and Statement of Significance.

This request for Historic Landmark designation was initiated by the Owner of the property.
