**ISSUE:**

**Plan Adoption Date:** February 22, 2001

**Update History:** March 20, 2008

**Plan Goal 3 Compatibility of Land Uses:** Improve the quality of life and safety of residents of the IH 10 East Perimeter Planning area by addressing incompatible land uses.

**Comprehensive Land Use Categories**

**Low Density Residential:** Low Density Residential Development includes Single Family Residential Development in individual lots. This form of development should be located away from major arterials, and can include certain non-residential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access.

**Permitted Zoning Districts:** R-4, R-5, R-6, NP-8, NP-10, NP-15, R-20, & RE

**Comprehensive Land Use Categories**

**Community Commercial:** Community Commercial provides for offices, professional services, and retail uses of moderate intensity and impact. Examples of uses include a grocery store, a medical office, music store, shoe store, nursery, or mailing services store.

**Permitted Zoning Districts:** NC, O-1, C-1, & C-2

**Comprehensive Land Use Categories**

**Business Park:** A Business Park provides employment or civic uses interspersed with open space areas and pedestrian walkways in campus settings. This section is designed for business uses which carry on their operation in enclosed facilities in such a manner that no negative impact is created outside of the boundaries of

the business park. Business parks should be separated from residential areas with landscaping areas and should feature controls on lighting and signage. Business park uses include corporate offices, light manufacturing, and warehouse uses. Accessory uses may include on-site cafeterias, daycare facilities, incidental retail, other uses for the convenience and service of occupants of the business park.

**Permitted Zoning Districts:** BP, C-3, & L

### **Land Use Overview**

Subject Property

Future Land Use Classification: Low Density Residential & Community Commercial

Current Use Classification: Vacant Land and restaurants and a gas station

Direction: North

Future Land Use Classification: Low Density Residential & Public/ Institutional

Current Use: Vacant Land and OCL

Direction: East

Future Land Use Classification: Low Density Residential

Current Use: Vacant Land

Direction: South

Future Land Use Classification: UZROW

Current Use: Interstate Highway 10

Direction: West

Future Land Use Classification: Community Commercial

Current Use: Vacant Land and Auto/ Truck Industry Uses

### **Land Use Analysis**

The applicant requests this plan amendment and associated zoning change in order to develop a Business Park, a Hotel and other related commercial uses. The current Low Residential and Community Commercial Land Use classifications are not appropriate for this location. The subject property is located along Interstate Highway 10 at Foster Road. There is a high density of traffic and noise. Therefore, the current land use designation is incompatible. The proposed amendment to Business Park will provide compatibility with the desired business, the Interstate Highway, and adjacent residences located north of the property. The requested Business Park may serve as a buffer to the less intense uses. Interstate Highway 10 is major transportation corridor, together with its close proximity to existing Industrial uses, and interstate travelers make it appropriate for the Business Park land use classification. The development of the subject property with the Business Park land use classification will contribute toward the IH-10 East Corridor Perimeter Plan vision of compatibility by not significantly altering the existing development pattern.

### **ALTERNATIVES:**

1. Recommend denial of the proposed amendment to the IH-10 Corridor Perimeter Plan.
2. Make an alternate recommendation.
3. Defer the application to a future date.

### **FISCAL IMPACT:**

None.

**RECOMMENDATION:** Staff recommends approval. The subject property location along Interstate Highway

10, a major transportation corridor, together with its close proximity to existing industrial uses and interstate travelers make it appropriate for the Business Park land use classification. The development of the subject property with the Business Park land use classification will contribute toward the IH-10 East Corridor Perimeter Plan vision of compatibility by not significantly altering the existing development pattern.

**PLANNING COMMISSION RECOMMENDATION:** 9-0, Approval.
