RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (7-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Guadalupe Westside Community Plan and is currently designated as Low Density Mixed Use in the future land use component of the plan. Requests for Historic Landmark designations do not change either the existing base zoning district or uses permitted by-right; therefore, a finding of consistency is not required.

2. Adverse Impacts on Neighboring Lands:

Granting of the "HL" Historic Landmark designation will not have an adverse impact on the neighborhood. Historic designation does not affect the range of permitted uses, but does regulate the exterior aesthetic of the structure and any new construction. The purpose of the requested zoning change is to protect and preserve the structure and make the property eligible for tax incentives for rehabilitation.

3. Suitability as Presently Zoned:

The "C-2" Commercial base zoning district is consistent with the adopted land use designation and the surrounding zoning and uses. There is no change proposed for the base zoning district.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The size of the subject property is not an issue for the consideration of historic landmark designation.

7. Other Factors:

On May 6, 2014, the Historic and Design Review Commission issued a Certificate of Appropriateness identifying the property as historically significant based on criteria listed in Section 35-607 of the Unified Development Code. The four criteria identified as being applicable to the subject property are specified in the attached Certificate of Appropriateness and Statement of Significance. This request for Historic Landmark designation is owner-initiated.
