All surrounding properties carry the "MLOD-1" Military Lighting Overlay District, due to their proximity to Camp Bullis. The "MLOD-1" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

All surrounding properties carry the "MSAO-1" Camp Bullis Military Sound Attenuation Overlay District, due to their proximity to Camp Bullis. RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the North Sector Plan, and is currently designated as Mixed Use Center in the future land use component of the plan. The "O-1" Light Office base zoning district is not consistent with the adopted land use designation. The applicant has applied for a Plan Amendment to change the designation to Mixed Use Center. Staff recommends approval. The applicant requested a two week continuance at the Planning Commission meeting.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current "O-1" base zoning district is appropriate for the subject property's location. The adjacent properties are zoned "C-2" and "O-2" which works in conjunction with surrounding commercial buildings in

the zoning district. The request to rezone the subject property follows the current pattern of development.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property totals 2.274 acres in size, which should reasonably accommodate the uses permitted in “O-2” High Rise Office District.

7. Other Factors:

The applicant proposes an office building on the subject property. The surrounding properties along Camp Bullis Road are zoned “C-2” Commercial District and “O-2” High Rise Office with existing uses similar to the proposed request.

The subject property is located within the Camp Bullis Awareness Zone / Military Influence Area. In accordance with the signed Memorandum of Understanding between Fort Sam Houston and the City of San Antonio, the Military did not review the request because the property is less than 10 acres in size and does not directly abut the installation.
