RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the West/Southwest Sector Plan, and is currently designated as Suburban Tier in the future land use component of the plan. The requested "MF-18" Limited Density Multi-Family base zoning district is not consistent with the adopted land use designation. The applicant has applied for a Plan Amendment to change the designation to Suburban Tier. Staff and Planning Commission recommend approval.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current "R-6" and C-3" base zoning district is appropriate for the subject property's location. The adjacent properties are zoned "MF-25" and "R-6" which works in conjunction with surrounding residential buildings in the zoning district. The request to rezone the subject property follows the current pattern of development.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property totals 6.860 acres in size, which should reasonably accommodate the uses permitted in

"MF-18" Limited Density Multi- Family District.

7. Other Factors:

None.
