RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the Near Northwest Community Plan and is currently designated as Community Commercial in the future land use component of the plan. The requested "C-1" Light Commercial base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current "R-4" base zoning district is appropriate for the subject property's location. The properties to the north are zoned "O-2" and to the south and west are zoned "R-4."

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict the public policies set forth in the Near Northwest Community Plan. The economic development objectives and goals of the Near Northwest Community Plan promotes a mix of professional offices, residences and retail shops within the community.

6. Size of Tract:

The subject property totals 0.181 acres in size, which should reasonably accommodate the uses permitted in "C-1" Light Commercial District.

7. Other Factors:

The applicant is proposing an office building on the subject property vacant lot. The subject's location on West Mulberry Avenue and its proximity to IH I-10 Access Road will act as a buffer for the single-family residential properties located on Mulberry Avenue.
