**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval, pending Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the Eastern Triangle Community Plan and is currently designated as “Neighborhood Commercial” in the land use component of the plan. The requested “C-2” base zoning district is not consistent with the adopted land use designation. The applicant submitted a plan amendment to change the land use classification to “Community Commercial.” Staff and Planning Commission recommend approval.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts to neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current zoning of “C-1” and “C-2” are suitable for the property. The character of development along South WW White Road is commercial. The proposed “C-2” zoning district will allow the property to be developed with a climate-controlled self-service storage larger than the maximum 5,000 square feet allowed in the current “C-1” zoning district.

**4. Health, Safety and Welfare:**

Staff has not found any evidence of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The requested zoning is appropriate and supports the Eastern Triangle Community Plan’s objective of focusing on South WW White Road and Rigsby Road as commercial corridors and encourage the establishment of more service industry businesses.

**6. Size of Tract:**

The 0.9820 acre site is of sufficient size to accommodate the proposed use.

**7. Other Factors:**

The applicant requests this zoning change to develop a climate-controlled self-service storage with more than 5000 square feet.
