Land Use Analysis

The current land use designation, under the San Antonio International Airport Vicinity Plan, is Neighborhood Commercial, which is not suitable for the subject property as currently zoned “C-2” Commercial. This plan amendment and associated rezoning are being requested to rezone the vacant lot to a zoning district that permits the development of a convenience store with gas sales and a carwash. The requested Community Commercial land use designation is appropriate as this land use designation permits the existing “C-2” zoning. Furthermore, the property is located along Wurzbach Parkway, a major thoroughfare that has a high traffic volume and is buffer area between the parkway to the north and multi-family uses to the south. The San Antonio International Airport Vicinity Plan encourages improving the quality of commercial corridors and attracting commercial development that is compatible with surrounding communities.

ALTERNATIVES:

1. Recommend denial of the proposed amendment to the San Antonio International Airport Vicinity Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.

FISCAL IMPACT:

None.

RECOMMENDATION: Staff recommends Approval. The requested land use change will allow for a convenience store with gas sales and a carwash and will not have significant impact on surrounding properties. The existing zoning of "C-2" conforms to the requested Community Commercial land use designation.

PLANNING COMMISSION RECOMMENDATION: Approval (7-0)
