FY 2017 Budget Development

Along with monitoring the FY 2016 Budget, the City has begun to prepare for the development of the FY 2017 Budget. As part of this process, City staff is gathering community feedback for the FY 2017 Budget with the SASpeakUp outreach campaign. The SASpeakUp team attended various community wide events during the months of April and May. During these events residents provided input on their budget priorities by completing a brief survey. Residents can also complete the survey on SASpeakUp.com and provide input through the social media. Paper copies of the budget survey are also available at library branches and senior centers. Additionally, the City has partnered with UTSA to conduct a scientific budget survey, which will help ensure diverse geographical representation. A report with the results from the outreach campaign will be provided at the June City Council Budget Policy Goal Setting Session.

Residents are also invited to provide input through the City's website and through the City's Budget Input Box available at city departments, libraries, community centers, and online.

After the budget is proposed on August 18, 2016, the City will host two public hearings and additional meetings to provide opportunities for the community to comment on the proposed budget. The FY 2017 Budget is schedule to be adopted on September 15, 2016.
