RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the Nogalitos/South Zarzamora Community Land Use Plan. The requested “C-2 AHOD” base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on surrounding properties.

3. Suitability as Presently Zoned:

The applicant requests this zoning change in order to provide retail services on the property with parking in the front. “C-1” requires parking to be located in the rear of the property. The current businesses on the site do not comply with the current “C-1” Light Commercial District. The “C-2” zoning designation is appropriate for this location. The requested use is consistent with the existing development pattern.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property is 0.28 acres in size, which accommodates the proposed development with adequate space for parking.

7. Other Factors:

None.
