RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the West/Southwest Sector Plan, and is currently designated as General Urban Tier in the future land use component of the plan. The requested "R-4" Residential Single-Family base zoning district with a Conditional Use for an office is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current "R-4" base zoning district is appropriate for the subject property's location. The adjacent properties are zoned "R-4" which works in conjunction with surrounding single family dwellings in the zoning districts.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with land use goals and strategies of the Highland Park Community Plan that encourages enhancing and improving the distinctive character of the Highlands neighborhoods and encourage compatible infill housing within the neighborhoods.

6. Size of Tract:

The subject property totals 0.1722 acres in size, which should reasonably accommodate the uses permitted in "R-4" Residential-Single Family District and the proposed Conditional Use for an office.

7. Other Factors:

The applicant proposes to renovate the existing home for use as an office building. The surrounding properties are zoned “R-4” Single-Family Residential District. The request to rezone the subject property with a Conditional Use will not significantly alter the land use pattern or character of the immediate area as the proposed change is compatible with the already-existing surrounding pattern of development. There are C-3 NA General Commercial Non-Alcoholic Sales District properties that will act as buffers to the rest of the neighborhood.

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.

Per Section 35-422 of the Unified Development Code, the following conditions shall apply to the operation of nonresidential conditional uses permitted within any residential district, unless otherwise approved by the City Council:

1. There shall be no exterior display or sign with the exception that a nameplate, not exceeding the (3) square feet in area may be permitted when attached to the front of the main structure
2. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
3. Business hours of operation for the general public shall not be permitted before 7:00 a.m. or after 6:00 p.m.
