**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval, pending Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Eastern Triangle Community Plan and is currently designated as Agriculture and Parks/Open Space in the future land use component of the plan. The requested “R-4” zoning is not permitted under the current land use designation. The applicant has applied for a Plan Amendment to change the land use classification to Low Density Residential. Staff and Planning Commission recommend approval.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current and proposed zoning are suitable and are in character with the surrounding area.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety or welfare.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective. The zoning change request meets the goal of the Eastern Triangle Community Plan by encouraging the utilization of available land to develop single family homes.

**6. Size of Tract:**

The subject property measures 7.672 acres and is sufficient to accommodate the proposed use and parking requirements.

**7. Other Factors:**

This zoning request seeks to rezone additional acreage that was previously left out of a previous zoning case which was approved on September 14, 2014. After further study of the property, the applicant has determined that the subject property is buildable and will not be negatively impacted by the nearby floodplain.
